

EARTHLING

SAUVIGNON BLANC 2022 MARLBOROUGH, NEW ZEALAND.

The Wine

EARTHLING is about celebrating our human truths and differences, about inclusion, and finding your own path. It's about us: you, me, and the 8 billion other earthlings that inhabit this great planet... and not giving a sh*t about what's trending... Cheers!

The Label

Just try and find the exact same bottle twice... we dare you! The background of the front label changes with each bottle and you'll find a new 'EARTHLING' on every back label in a case... each offering a toast to a human truth, and we're sure you'll relate!

The Taste

A premium Sauvignon Blanc, sourced from the top vineyards in Marlborough that has vibrant fruit aromas of ripe gooseberries, citrus fruits, tropical lime zest, and passion fruit. The intense flavors of gooseberries and citrus fruits are noted on the palate, along with a bright, clean finish.

The Earth

As 'EARTHLINGS' we have a responsibility to protect our home... EARTH. We do this through lightweight bottles (417g), netting -instead of spraying, Certified Sustainable Winegrowing NZ™, and much, much more...
